Woodstock is one of the few Vermont municipalities organized as a town, and within the boundaries of the town, there exists an incorporated village. The Town of Woodstock is governed by a five-member Select Board and the Village of Woodstock is governed by a five-member Board of Trustees. Administrative offices are located in the Town Hall. Here you will find the Town Clerk, Municipal Manager, Zoning Office, Board of Listers, Treasurer and Tax Collector. In addition to housing these offices, there are the conference rooms where official meetings take place. The Municipal Manager's Office (serving both town and village) is open from 8AM–4:30PM and is closed for lunch between Noon and 1PM.

The town and village of Woodstock each have a set of zoning by-laws that regulate all land development, building construction and property uses. Permits are required before any activity may take place. The Zoning Office hours are 8AM–4:30PM and closed for lunch between Noon and 1 PM. The elected Board of Listers is responsible for establishing the value of all property in town for tax purposes. The office is open from 8AM–11:30AM Monday through Thursday.

The town and village tax rate is set annually in June. Please call the Municipal Manager's office at 802-457-3456 for more information.

### We Be Fishing

802-672-1512 / www.webefishingvt.com 📍 We Be Fishing bass guiding service has three goals with our guests in mind. The first and foremost is to have our guests catch bass and have fun. Second, bass fishing is an art. It is the art of presenting a lure to the fish in its environment and enticing "the bite," keeping the fish on your line and bring the fish to the boat. I am happy to instruct my guests on those finer points of habitat, time of year, water temperature, and other factors which can lead to better results in catching bass. Third and some times a forgotten factor is that Vermont is a naturally beautiful state. When I take my guests to a lake I am very familiar with history, plants, animals, and other fish that are surrounding us and would love to talk about it.

## Ice Skating

### Union Arena

802-457-2500 / www.unionarena.org 📍 Opened as an ice rink from October–March and June–July; doubles as a field house/expo center in the other months for public events. ## Skiing & Snowboarding / Alpine

*On Gilbert's Hill, just north of Woodstock off Route 12, is the site of the first ski tow in the United States. Alpine skiing as we know it today started with a rope tow hooked to a model A engine which carried skiers up and down the hill. Several of our local residents were some of the first to try skiing with a "lift." Now we're located in the heart of Vermont's alpine ski country (both big skiing and intimate, uncrowded skiing). The following resorts have ongoing activities and events for winter and summer on their websites. Within a forty mile radius, enjoy a full range of superb skiing in Vermont.*
