Please list the products you intend to sell and give a detailed description of how, where, and by whom they are made or grown. Product definitions can be found in the market rules. If your products are prepared foods or crafts, please list all of the **local** ingredients/materials that are in the items you wish to sell at the market. Also, if you intend to sell products from more than one category, please indicate the percentage of items from each category that you intend to display in your market space. This will help us maintain our market ratios as outlined in the market rules and will assist us in identifying your primary vending category. All products will be juried before being accepted into the market.

Vendors who wish to sell additional products during the vending season that are not listed below, will need to submit a written request to the Market committee for approval.

Agricultural products- _____% Prepared foods- _____% Crafts- _____%

Please check the vending season & payment plan that you desire for the 2012 season:
